See other side for important topics you should discuss with your doctor or care provider.

Talking with your doctor or care provider is important to your health.

Use this checklist as a helpful guide on topics to discuss with your doctor or care provider at your next appointment. It can help you get the answers you need right away.

GETTING NEEDED CARE

- Concerns with getting the care, tests or treatments you need
- Scheduling routine care appointments in advance
- Where and how to get urgent care when you need it right away
- Coordinating the care you are receiving from other doctors or specialists
- Difficulties getting appointments with a specialist, if needed

TESTS AND TREATMENTS

- When you will get results from labs, X-rays or other tests
- You can also discuss the screenings mentioned on the front or any other health concerns.

PRESCRIPTION DRUGS

- Any questions with the prescription medications you are taking
- Issues getting the medicines your provider prescribes
- Ask your pharmacist/doctor if a 3-month supply of your maintenance medications would be right for you.

IMPORTANT CARE

- Treatment options to reduce the risk of falls or problems with walking or balance
- Issues related to bladder control and potential management options
- Suggestions on how to maintain or improve your physical activity
- Ways to improve feeling sad or blue
- If you smoke or use tobacco, suggestions on how to quit smoking

¹This is a list of suggested screenings. Coverage for these screenings (including how often they are covered) may vary by plan. If you have questions about your specific benefits or coverage details, please call Customer Service at the number on the back of your member ID card or check your Evidence of Coverage.

²American Cancer Society, 2018.

All recommendations except mammogram are from the U.S. Preventive Services Task Force. Screenings may be more frequent depending on risk factors. Check with your doctor.

This information is not a complete description of benefits. Contact the plan for more information. Limitations, copayments, and restrictions may apply. Benefits, premium and/or copayments/coinsurance may change on January 1 of each year.

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare Advantage organization with a Medicare contract and a Medicare-approved Part D sponsor. Enrollment in the plan depends on the plan's contract renewal with Medicare.
